

Lesson 24: Where should we eat

متن مکالمه : ✓

A: Do you two have any plans for the evening?

B: We were thinking of checking out a restaurant in the neighbourhood. Do you have any suggestions?

A: I know this really nice Italian place. The food is fantastic, and the décor is beautiful. I'd recommend giving it a try.

C: Actually, I'm not all that crazy about Italian food; I'm in the mood for something a bit lighter.

A: In that case, I know a great little bistro. They make a really tasty seafood platter; the fish is outstanding.

B: It sounds fantastic, but I'm allergic to seafood.

A: Okay, well, let me think. . . Oh, I know this great little place. It's just a hole in the wall, but they do the most amazing sandwiches. You gotta give them a try.

C: Ella, you took me there last time I visited, and I got food poisoning, remember?
